FOR CONSUMERS IN JURISDICTIONS WHO HAVE THE BENEFIT OF CONSUMER PROTECTION LAWS OR REGULATIONS, THE BENEFITS CONFERRED BY THE ABOVE-MENTIONED PLANS ARE IN ADDITION TO ALL RIGHTS AND REMEDIES PROVIDED UNDER SUCH LAWS AND REGULATIONS. NOTHING IN THE PLANS SHALL PREJUDICE CONSUMER RIGHTS GRANTED BY APPLICABLE MANDATORY LAWS, INCLUDING CONSUMER'S RIGHT TO THE REMEDIES UNDER STATUTORY WARRANTY LAW AND TO SEEK DAMAGES IN THE EVENT OF TOTAL OR PARTIAL NON-PERFORMANCE OR INADEQUATE PERFORMANCE BY MORGAN SCIENTIFIC OF ANY OF ITS CONTRACTUAL OBLIGATIONS.

1. The Plans

This contract governs hardware services provided to you by Morgan Scientific, Inc. ("MSI") under the MorganCARE Standard and the MorganCARE Premium plans (hereinafter, the "Standard Plan" and "Premium Plan," respectively, each, a "Plan," and collectively, "the Plans,") for select hardware products distributed by MSI and Original Equipment ("OE") accessories (collectively, the "Covered Equipment"). The terms include this document, any other terms duly incorporated by reference, Product Documentation (where applicable), and the terms of the Sales Order or Invoice governing your purchase (collectively hereinafter, the "Sales Receipt"). The Sales Receipt also serves as your proof of coverage ("Plan Confirmation"). Benefits under the Plans are additional to your rights under applicable laws, MSI's Limited Product Warranty, herein incorporated by reference: <https://www.morgansci.com/legal/limited-warranty>, and the manufacturer's hardware warranty (where applicable). In the case of conflicting terms between MSI's Limited Product Warranty and the MorganCARE Plans, the following order of precedence shall apply: 1) the MorganCARE Plans, and 2) the MSI Limited Warranty.

2. When Coverage Begins and Ends

Coverage begins when you purchase a Plan and ends on the date specified in your Plan Confirmation ("Coverage Period"). The terms of this document, the original Sales Receipt for your Plan and the Plan Confirmation are each part of your service contract. The price of the Plan is contained in the original Sales Receipt as provided by MSI. MSI has the right, but not the obligation, to accept any late payment and allow your Plan to continue from the date of late payment.

Table 1: Service Tiers

Tier I	
Standard Plan	Customers with hardware issues are routed to Tier I Product Specialists for initial assessment via phone and/or secure screenshare means. A support case is created with initial documentation of the issue and customer contact information.

	In consultation with Product Specialists, the end-user may be asked to conduct guided troubleshooting of physical system components that can be adequately manipulated without the use of tools.
Premium Plan	<p>Includes benefits of the Standard Plan and any additional benefits or enhancements below.</p> <p>Faster response times. See “Table 2: Service Response Times” below.</p> <p>Customers may request that Tier II personnel handle their case from the start (i.e., skip Tier I).</p>

Tier II	
Standard Plan	<p>When necessary, the customer is routed to Tier II support personnel. At this time, the end user may be asked to conduct guided troubleshooting in consultation with Tier II personnel.</p> <p>Optionally, customers may choose to make internal biomedical or clinical engineering resources available to assist with Tier II troubleshooting.</p> <p>If a determination is made that a service part can be provided that may resolve the issue, the customer is notified verbally, with follow-up in writing, of the cost, availability, and shipping options of the needed service part or parts.</p> <p>Customer may elect to proceed with purchase and shipping of needed service part(s) at their expense.</p> <p>A PO is needed for processing. Shipping delivery commitments are based on impact code (See “Table 2: Service Response Times” below), but customer may elect to upgrade at their expense.</p>
Premium Plan	<p>Includes benefits of the Standard Plan and any additional benefits or enhancements below.</p> <p>Faster response times and shipping. See Table 2 below (“Service Response Times”).</p> <p>No PO is required for processing covered replacement parts.</p> <p>No surcharges for premium or upgraded shipping when required based on impact code (See “Table 2: Service Response Times”) resulting in less system downtime.</p>

Tier III: Mail-in Service

Standard Plan	<p>Direct mail-in service is available for most Covered Equipment. MSI Product Specialists will discuss mail-in options, as appropriate for the issue and equipment in need of service. Not all equipment types and issues are eligible for this option.</p> <p>The customer will be issued an RMA. The hardware is packed and shipped by customer to MSI's repair center, at the customer's expense.</p> <p>Upon receipt, the hardware is assessed by a Product Specialist and a written estimate is provided to the customer detailing the estimated cost of repairs and projected timeline for completion.</p> <p>Upon completion of service work or repairs, the hardware is returned to the customer at the customer's expense and the repairs invoiced.</p>
Premium Plan	<p>Includes benefits of the Standard Plan and any additional benefits or enhancements below.</p> <p>No waiting for estimates or POs as they are not required.</p> <p>No shipping fees (unless you elect to upgrade your already enhanced shipping).</p> <p>Mail-in repair services are processed in a priority work order queue.</p> <p>No fees for covered repairs.</p> <p>Faster response times and shipping. See "Table 2: Service Response Times" below.</p>

Tier III: Onsite Service	
Standard Plan	<p>Once a PO is received, travel arrangements are confirmed, and the visit is scheduled.</p> <p>Onsite assessment is conducted by a Product Specialist and the work is completed.</p> <p>MSI conducts due diligence and conducts onsite visits with anticipated service parts, however, an unexpected part may be needed, in which case additional service part(s) may be shipped overnight to facilitate timely completion of service work in a single visit at customer's expense.</p> <p>Upon completion of service work or repairs, a copy of the Service Report is provided to the customer.</p>

	The customer receives an invoice for labor, parts, and travel fees.
Premium Plan	<p>Includes benefits of the Standard Plan and any additional benefits or enhancements below.</p> <p>No waiting for estimates or POs as they are not required.</p> <p>No shipping fees (unless you elect to upgrade your already enhanced shipping).</p> <p>Priority onsite scheduling.</p> <p>No fees for covered repairs.</p> <p>Faster response times and shipping. See “Table 2: Service Response Times” below.</p> <p>Non-functional Covered equipment requiring an onsite service will be returned to functional condition within three (3) business days.</p>
